Where possible please arrive to Photo Day and Show day with your child's hair done. There will be helpers that can do hair on the day of the Show for those that really struggle but we are very restricted with time so please do try and arrive ready.

Things you'll need:

Hair ties, hair grips, bobby/pun pins, hair net

Hair brush, comb

(Please colour match to your child's hair - no brightly coloured clips, ties or bobbles/scrunchies)

Water spray, hair spray/gel spray (if doing yourself)

If you are not able to do your child's own hair then please send them with the above.

I have some spare supplies but not enough to do 50 lots of hair!

MAKE UP

Photo Day - please arrive with make up already done

Minis and Juniors do not need make up.

If they want to wear a tiny bit of mascara or blush that is fine but please do supervise
Bethany will have her show kit with her in case students need a touch of
blush/shimmer/lip colour.

Inters and Seniors

Minimal make up is required - no heavy foundation is needed.
A bit of mascara/concealer/natural blush or bronzer and lipgloss
to help them feel comfortable is fine.

Bethany will have her show kit with her in case students need a touch of
blush/shimmer/lip colour.

Show Day - please arrive with make up already done

All students will need the following:

foundation, blush, natural/shimmer eye shadow, eyeliner on the top lid and mascara.

Do not apply lipstick - Bethany will supply and backstage helpers will apply this once costumes are on.

If you would prefer to use your own - a pinky red will be used for Minis and a Bright Stage Red will be used for Juniors and up.

It can be difficult putting make-up on a child and especially for students in the Minis group please do not worry too much - a little mascara will go a long way for this group so full eye make up is not necessary. We can always add a bit of shimmer if required. However do please give them a base of foundation/blush. Please be aware that the bright stage lights will lighten the complexion, generally a little more and slightly darker is better so they don't look washed out.

Tutorial: Bethany will film a Show Day Make Up tutorial shortly but any questions please just ask.

UNDERWEAR

Please encourage your children to wear appropriate underwear on Photo day/Show day - for example, ideally not bright/dark pink or red knickers please! Although it is unlikely that they would show through shimmer tights and costumes, studio/stage lights are very strong and so it is better to be safe than sorry! Due to the cut of most costumes a 'bikini/brief' style knicker would be advisable over a 'shorts' style.

For our preteen and teen female dancers that require bust support please can I ask parents to help them find a suitable bra/crop top/sports bra.

For the Inter Street/Theatre Jazz classes a plain black (preferred) or dark coloured sports bra/crop top/bra would work fine.

Senior Street will be wearing billowy white shirts - so no restrictions here.

Senior Theatre Jazz will likely require a strapless/clear strapped bra.

Please let me know if you have any questions or problems and I will do my best to help.

ASSISTANTS

Senior students helping with the Minis classes will require their ballet shoes, shimmer tights and a black leotard. If they do not own one anymore let me know as I probably have enough spares for them to borrow one. They will also be provided with a mesh overlay dress to borrow which will be handed out on Show Day.
